## SUMMARY

I am a full-stack software developer with a strong passion for front-end, graphics, and animation. I have focused my skills on technologies such as HTML, CSS, JavaScript, React, and Next.js.

I am passionate about running and find balance and challenges in both my professional and personal life. I love reading fantasy books and writing stories/novels to stimulate my creativity.

## WORK EXPERIENCE

### Enerj

## EDUCATION AND CERTIFICATIONS

### Computer science / diploma

Institute ISSS Carlo Anti

2009- 2016

### English certificate of attendance level FL7 = B1 [Certificate B1](#)

Fluentify

30/06/2021 – 07/12/2021

### Junior front-end developer [Certificate front-end](#)

Start2impact

15/05/2021 – 26/04/2022

During this course, I acquired a solid foundation of skills in front-end development, particularly in technologies such as HTML, CSS, JavaScript, and React. This enabled me to create interactive, engaging, and responsive user interfaces to enhance the user experience. The knowledge gained during the course was put to the test through practical assignments and evaluated by experienced tutors in the field.

### React academy [Certificate react academy](#)

TalentFactory

Oct 2022 / 4 weeks

#### Teacher: Fabio Biondi & Michele Stieven

The following topics were covered in this course:

- React Fundamentals
- Real World Projects
  - Declarative Data Fetching with React Query
  - Multi-view applications via router
  - Application security
- React Deep Dive
  - Project organisation
  - Advanced components
  - Introduction to testing
- State Management
